PROFESSIONAL SUMMARY

MSPH Epidemiology student who turns mental-health research into clear, visual, audience-ready communication. First author of six research posters, most on women's and maternal mental health, and an APHA 2026 abstract reviewer. Experienced in presenting complex findings through posters, Tableau and ArcGIS visuals, teaching, and a public research portfolio.

EDUCATION

Master of Science in Public Health (MSPH), Concentration: Epidemiology Anticipated May 2027
Liberty University, Lynchburg, VA

- GPA: 4.0. **Relevant coursework:** Research Methods, Biostatistics, Social & Behavioral Theory Application in Public Health, Data Visualization & Spatial Analysis (ArcGIS, Tableau), Epidemiologic Research Methods.

Bachelor of Science in Biological Sciences Mar 2023
Federal University of Agriculture, Abeokuta, Nigeria

RESEARCH COMMUNICATION HIGHLIGHTS

- Present research to scientific audiences: **six first-author posters** (most on mental health), including three accepted at the APHA 2026 Annual Meeting and two presented at VPHA 2026; co-author on additional APHA and Research Week posters.
- Turn data into visuals: Tableau county choropleth maps and dashboards, ArcGIS heat maps, and poster figures. Portfolio of 16 project case studies at **ipshobayo.github.io/Research**.
- Translate evidence for non-specialists as a teaching assistant: lead class sessions, facilitate discussions, and create instructional materials and Excel-based tutorials.
- Volunteered as **Abstract Reviewer for four APHA 2026 programs**, reviewing public health abstracts.

MENTAL HEALTH RESEARCH TRANSLATED FOR PUBLIC AUDIENCES

- **Premenstrual dysphoric disorder (PMDD) global scoping review** (first author; PRISMA-ScR; APHA 2026): 1,943 records screened to 44 included studies; depression was most often reported (39 studies) and only 3 studies (6.8%) came from low- and lower-middle-income countries.
- **Mayer-Rokitansky-Küster-Hauser (MRKH) syndrome scoping review** (first author; PRISMA-ScR; APHA 2026): 516 records, 35 studies included; documented psychosexual, psychological, and quality-of-life outcomes and healthcare-system gaps.
- **Perinatal depression among Virginia women, 2016–2022** (first author; CDC PRAMS; VPHA 2026): weighted prevalence with 95% CIs; self-reported depression during pregnancy rose from 9.4% to 16.9% (+79.8%) versus +44.8% across aggregate PRAMS sites.
- **Mental health and provider availability across Virginia counties** (first author; 2025 County Health Rankings, Tableau; VPHA 2026): choropleth maps and trend analyses; frequent mental distress ranged 13.5–23.6%, and childhood poverty explained far more variation ($R^2 = 0.51$) than provider supply ($R^2 = 0.08$).
- **Campus green space, air quality, and mental health among college students** (first author narrative review, 15 studies; APHA 2026): PM2.5 and NO2 exposure was linked to more depression and anxiety symptoms; green space was linked to lower stress and better well-being.

EXPERIENCE

Graduate Student Assistant Aug 2026 – Present
Liberty University, Department of Public Health, Lynchburg, VA

- Translate epidemiologic and biostatistical concepts into clear class sessions and instructional materials for undergraduate audiences.
- Teach class sessions, facilitate discussions, activities, and student presentations, and grade assignments in undergraduate public health courses.
- Organize course materials and administration in Canvas LMS and resolve course-related issues for faculty and students.

Biostatistics and Research Assistant Jan 2026 – Aug 2026
Liberty University, Department of Public Health, Lynchburg, VA

- Developed and facilitated biostatistics and research workshops to improve statistical literacy and applied data analysis.
- Tutored residential and online students in biostatistics; created Excel-based tutorials and instructional materials.

Research Assistant Jul 2024 – Nov 2024
University College Hospital (UCH), College of Medicine, Department of Public Health, Ibadan, Nigeria

- Prepared and presented study reports and supported faculty with data visualization and communication of findings.
- Conducted health surveys with 100 workers across police stations in Ibadan for an occupational health study on workplace safety and disease exposure, using Kobo Collect for mobile data collection.

COMMUNITY OUTREACH

Volunteer & Public Health Outreach Leader Apr 2021 – Present

Sickle Cell Hope Alive Foundation (SCHAF), Ibadan, Nigeria

- Led planning and coordination of genotype screening and awareness campaigns reaching 250+ participants; led volunteer teams in education, counseling, and community engagement.
- Co-organizer, LUPHSA Health Fair (Spring 2025 and 2026); AHEV Leadership Member, Liberty University.

PUBLICATIONS (SELECTED)

Peer-reviewed publications (co-author):

- Linus EN, et al., **Shobayo IP**. Vaccine hesitancy and immunization inequity in Nigeria: public health determinants, misinformation dynamics, and health system strategies for improved uptake. *Int J Health Pharm Res*. 2026;11(8):32-56.
- Edeh CG, et al., **Shobayo IP**. A machine learning-based framework for real-time environmental health risk prediction and spatial air quality intelligence in urban-industrial ecosystems. *Asian J Adv Res Rep*. 2026;20(4):1-20.

SKILLS

Communication: Scientific writing, research posters, presentations, plain-language translation of research, teaching and facilitation

Visuals and tools: Tableau, ArcGIS, Excel, PowerPoint, Microsoft Office, Canvas LMS

Research: Scoping and narrative reviews (PRISMA-ScR), secondary data analysis (CDC PRAMS, County Health Rankings), SAS, R, Stata, Python
